SEMCO ENERGY Gas Company

2026 Natural Gas Rebate Application

Commercial and Industrial Energy Efficiency Program

SEMCO
Energy Waste Reduction
Save Energy. **Save Money.**

Welcome to SEMCO ENERGY Gas Company's Commercial and Industrial Program

To participate in the program, you must have an active commercial account serviced by SEMCO ENERGY Gas Company.

Incomplete applications cannot be processed for payment.

Notification of incomplete applications will be sent via email. Applicants will be given 15 business days to respond before the application is deemed ineligible. Completed applications must be received within 60 days of purchase and/or installation of measures.

Project process:

Please follow the four-step process to apply for and obtain rebates for your eligible energy efficiency projects.

1. Complete and submit the pre-approval application.

Submit a pre-approval application and all required documentation before making any purchases or starting any work on the project.

- General information (page 4) and appropriate pages for your project
  - Prescriptive (pages 6–15)
  - Custom (page 16)
- An itemized quote from your selected vendor that includes the quantity, size, type, make, and model of proposed items and labor costs (if applicable). Internal labor cannot be included in project cost.
- The manufacturer (OEM) specification sheets for all eligible measures
- A complete copy of a recent utility bill for prescriptive projects or 12 consecutive months of utility bills for custom projects

2. Obtain pre-approval notice.

Upon verifying that the project meets the program requirements, the applicant will receive a letter via email (or standard mail if email is not provided) indicating the funds have been reserved for this project.

- Incomplete applications will result in delays.
- This letter must be signed and returned within 10 days.
- From the date of issuance of this letter, you will have 90 days to complete the project and submit all final documentation. Applicant may submit a written request for one 30-day project completion extension.
- If project is not completed within 90 days, this application will expire and the reserved funds be forfeited.
- All projects must be completed by November 30, 2026.

3. Install your project.

- After signing and returning the pre-approval notification, the old equipment can be removed and the new equipment installed.
- Only products that exactly match those listed in this application are eligible for prescriptive rebates.

4. Complete and submit the final application.

- After the project is completed, submit the final application, including all project invoices.

Terms and Conditions

These Standard Terms and Conditions for Participating Customers and the Customer Participation Agreement (collectively, the "Agreement") are made and entered into by and between CLEAResult Consulting Inc., a Texas corporation and/or an affiliate thereof ("CLEAResult"), and Customer for the purpose of evaluating and installing energy efficient measures ("EEM") under the Program funded by SEMCO ENERGY Gas Company ("Sponsor"). CLEAResult and Customer may be referred to in this Agreement individually as a "Party" and collectively as the "Parties." The Parties acknowledge and agree that the state regulatory governing body (the "MPSC"), Sponsor, and Contractor are third party beneficiaries of this Agreement. In consideration of the mutual covenants and agreements set forth below, the adequacy and sufficiency of which are hereby acknowledged, the Parties hereby agree as follows:

1. ACCESS AND PARTICIPATION. Customer agrees to support CLEAResult and Contractor and assign a representative to facilitate services provided under this Agreement. Customer acknowledges its intent to install EEM using Program rebates. Customer agrees to allow CLEAResult and Contractor to access its facilities, energy use, and cost information, including information and data from Sponsor, for the purposes of implementing this Agreement. If Customer is a tenant, Customer represents that by signing this document they have obtained the property owner's permission to install EEM under this Agreement. Customer agrees not to use the name or identifying characteristics of Sponsor or its contractors for any advertising, sales promotion, or other publicity of any kind. Customer also confirms that it has not received and will not receive rebates or services for any EEMs installed under this Program from another program funded by Sponsor. The Program may be modified or terminated without prior notice and this Agreement is subject to modifications by Sponsor in its sole discretion.

2. ELIGIBILITY. Sponsor determines eligibility of Customers at its sole discretion. CLEAResult may request verification of eligibility requirements at any time during the Program period.

3. REBATE PAYMENT. Customer acknowledges that rebates will be paid by Sponsor only if: (a) Customer(s) and installed EEM(s) or services meet the Program eligibility requirements and the requirements outlined by the Program; (b) EEMs are installed in eligible project sites; and (c) EEMs are installed at a project site that has not received rebates from any other of Sponsor's energy efficiency programs for the same EEM(s). Customer understands that Sponsor, in its sole discretion, may withhold rebate payments committed to Customer if a project site is proven ineligible or a project otherwise does not comply with the requirements set forth by the Program. Rebate amounts may not exceed 75 percent of the EEM cost, including materials, external labor, permits, equipment rental, or disposal. Custom rebates will not be provided for projects with less than a 1-year simple payback or greater than an 8-year simple payback. Rebates are based on energy savings and may be limited by the annual customer cap. Rebates are subject to available Program funding and only one rebate will be granted for each project. Customer remains solely responsible for any tax liability related to the EEM and the rebate payment. The Program must receive 100 percent of the energy savings for the rated life of the product(s) or for a period of three (3) years from the receipt of rebate, whichever is less. If the energy savings are not provided, the facility in which the installed projects are located closes or ceases operation within three (3) years from receipt of rebate, or Sponsor ceases to be the energy provider for the facility during the three (3) years, a prorated amount of the rebate will be refunded.

4. AUDITING, MONITORING, AND VERIFICATION. Customer also agrees to allow CLEAResult, Contractor, Sponsor, and the MPSC to access its facilities for the purpose of confirming Customer's participation in the Program, inspecting installed EEM, and verifying the energy savings achieved through the Program. Customer agrees to cooperate with CLEAResult, Contractor, Sponsor, and the MPSC, as necessary. Customer also agrees to remedy any issue arising from auditing and monitoring, at its expense, within the timeframe provided by the Program. Customer understands that any rebates may be withheld if Customer refuses to participate in any required verification within a reasonable period. Customer verifies that all EEM is installed in accordance with all applicable federal, state, and local laws and manufacturer's specifications.

5. CONFIDENTIALITY. CLEAResult shall keep Customer information confidential, unless otherwise required by law or this Agreement. Only the Contractor, Sponsor, and the MPSC shall be granted access to Customer data as needed or required. CLEAResult will not use the name or identifying characteristics of Customer in advertising sales promotion or other publicity without Customer's written approval. Customer agrees Sponsor may utilize Customer's information in preparing reports and documentation concerning the Program and that such information, aggregated with other data, may be provided to third parties, including the MPSC, as permitted by law.

6. NO WARRANTY. CLEAResult, Sponsor, and the MPSC make no representations, endorsements, or warranties and assume no liability with respect to quality, safety, performance, design, energy savings, or other aspect of any EEM installed pursuant to this Agreement and expressly disclaim any such representation, warranty, or liability, including but not limited to the implied warranties of merchantability, fitness for a particular purpose, and noninfringement. Nothing in this Agreement shall be construed to create any duty to, any standard of care with reference to, or any liability to any third party. Neither the MPSC, Sponsor, nor CLEAResult shall be responsible for costs or corrections of conditions already existing in the facilities inspected that fail to comply with applicable laws and regulations.

7. INDEMNIFICATION; LIMIT ON LIABILITY. Customer agrees to indemnify, defend, and hold harmless the MPSC, Sponsor, and CLEAResult against all loss, damages, or costs, including attorney fees and liability arising from any claims related to any products installed or services performed during the installation or maintenance of EEM. Neither the MPSC, Sponsor, CLEAResult, nor Customer shall be liable to each other for any incidental, special, indirect, or consequential damages related to this Agreement. Customer releases Sponsor from any and all claims it may have related to the EEM, the Program, and/or this Agreement.

8. MISCELLANEOUS. This Agreement shall be governed by and construed under the laws of the State of Michigan, without regard to conflict of law rules. The Parties agree that all actions, disputes, claims, and controversies arising out of or relating to this Agreement or the work performed hereunder will be subject to binding arbitration administered in the county where the Customer is located by the American Arbitration Association under its Commercial Arbitration Rules and judgment on the award may be entered in any court having jurisdiction. Customer shall not assign, delegate, or subcontract this Agreement or its duties thereunder, in whole or in part, voluntarily or involuntarily (including a transfer to a receiver or bankruptcy estate) without the prior written permission of CLEAResult. CLEAResult may assign its rights and delegate its duties under this Agreement to any third party at any time without Customer's consent. If any provision of this Agreement is invalid or unenforceable in any jurisdiction, the other provisions in this Agreement shall remain in full force and effect in such jurisdiction and shall be liberally construed in order to effectuate the purpose and intent of this Agreement. The invalidity or unenforceability of any provision of this Agreement in any jurisdiction shall not affect the validity or enforceability of any such provision in any other jurisdiction. The failure of either Party to enforce strict performance by the other of any provision of this Agreement, or to exercise any right available to the Party under this Agreement, shall not be construed as a waiver of such Party's right to enforce strict performance in the same or any other instance. Sections 1 and 4 through 7 shall survive the term of this Agreement.

Final Application Checklist & Customer Agreement

Final applications must have complete information and be submitted with:

- ☐ The entire completed application, including the completed rebate worksheets reflecting any applicable quantity or measure change
- ☐ The signed customer agreement page with project completion date added
- ☐ An itemized invoice from the installing contractor and/or vendor for the project that includes a separate line item for each rebate measure, and the date, quantity, size, type, make, and model of installed items, as well as labor costs (if applicable). Internal labor cannot be included in the cost of the project
- ☐ The manufacturer (OEM) specification sheets for any items that were part of a project application change
- ☐ Copy of payee W9

I hereby certify that the information contained in this application is accurate and complete, all rules of this rebate program have been followed, and I have read and understand the terms and conditions.

I AGREE TO VERIFICATION OF EQUIPMENT INSTALLATION, WHICH MAY INCLUDE A SITE INSPECTION BY A PROGRAM OR UTILITY REPRESENTATIVE. I UNDERSTAND THAT I AM NOT ALLOWED TO RECEIVE MORE THAN ONE REBATE FROM THIS PROGRAM ON ANY PIECE OF EQUIPMENT. I HEREBY AGREE TO INDEMNIFY, HOLD HARMLESS, AND RELEASE THE UTILITY FROM ANY ACTIONS OR CLAIMS IN REGARD TO THE INSTALLATION, OPERATION, AND DISPOSAL OF EQUIPMENT (AND RELATED MATERIALS) COVERED HEREIN, INCLUDING LIABILITY FROM ANY INCIDENTAL OR CONSEQUENTIAL DAMAGE.
